Ingredients:

- 2 tomatoes, sliced
- 2 avocados, cubed
- juice of 1/2 lemon
- 6-8 kalamata olives, sliced (I used fresh from the deli counter)
- 5 fresh basil leaves, chiffonade
- 1 tablespoon of extra virgin olive oil
- crumbled feta cheese to sprinkle on top
- freshly cracked pepper

Preparation:

Arrange tomato slices on a large serving plate. In a medium bowl, toss avocados and lemon juice together. Once combined, place them on top of the tomato slices. Then add sliced olives and basil. Drizzle extra virgin olive oil on top. Sprinkle crumbled feta cheese on top and then season it with cracked pepper. Feel free to sprinkle a bit of salt on top if you desire. I find this salad is perfectly fine without additional salt as the olives give it plenty.
